MINION PRO ITALIC

The Law.gov logo is an elegant combination of classic typography and evocative symbols. The section marker is a highly intuitive mark in the legal community, and is a clever allusion to code and markup. The shield is a symbol of strength and security in uncertain times, and lends itself well to a variety of uses in the identity package. Colors were selected to complement the established color scheme and identity of Public.Resource.Org.

A metallic gold is suggested here, which would also work well with an embossed foil treatment. Alternative layouts are shown below:
